UNIVISOR
CUSTOMISED VISOR SIGNS

Standard Univisor - Personalised visor sign

The Standard Univisor provides visible identification for response, voluntary and main line emergency services. These Visor Signs are ideal for unmarked/ personal vehicles for use when responding or attending to a scene or incident.

They are discreet and unintrusive when not in use but highly effective when required. The integrated bracket design allows for easy application and removal without the use of brackets or permanent fixings. There is a large variety of colours available together with customisable text (mirrored option available).

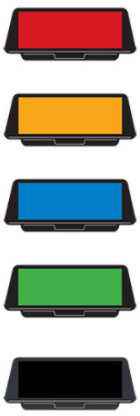

LED Univisor - Customised visor sign

The LED Univisor is an ideal identification for all emergency and response vehicles. It has an integrated mounting bracket to make it easy to apply to and remove from the sunvisor when not in use. This is ideal for undercover or personal vehicles. It comes with the detachable adapters that allows you to keep all the wiring in place, if you have run it up behind the dash and up the front pillar, just simply disconnect from the sunvisor end when the sign is not required for a period of time. The sign is supplied with a cigar power adapter and 2 metre extension cable (12V). There is a variety of colours available together with customisable text (mirrored option available).
Dimensions: 300mm(w) x 110mm(h) x 40mm(d)
